Subject: Our economy depends on the river

I want to make sure the river cleanup is good for the environment and jobs.

Please know that so many important jobs in Portland are tied to the Willamette River. I support a river cleanup but I'm worried that the plan will be so inflexible and expensive that it will drive out small businesses.

Thank you for allowing me to weigh in on this important process. Please make sure the cleanup is good for our environment and our economy.

Sincerely,
